£34,495

The Willerby Vogue has always been a head-turner and every so often the opportunity arises to offer a pre owned model for sale. We know the Vogue will not disappoint and as soon as you step through the entrance door in to the separate kitchen the quality begins to grab hold of you.

The living area can be separated, lounge from kitchen and dining area. This can keep the spaces more cosy and give plenty of options when you have company for the weekend - even to the point of using the lounge as an impromptu third bedroom.

The twin bedroom is next to the family bathroom room - yes, a full size bath - and the last piece of this beautiful holiday home falls in to place as you enter the stylish master bedroom, complete with en-suite shower room.

There's not enough room to write all that is right about the Vogue, so maybe you should just come and see for yourself. At this price, on a 5 star holiday park, why wouldn't you?
