- Finance available

£49,995

Every time I walk into a Jasmine Lodge I am stopped in my tracks by the huge front windows and the abundance of natural light.

The open plan living area is a joy to be in. The high vaulted ceiling, the great light and layout showing off a top quality holiday home. Space is everywhere - the kitchen dining area has a huge American style refrigerator, a dining area for 4 people and a kitchen with more worktop space than most other homes.

The lounge has a large comfortable suite with electric reclining sofa and chairs all enjoying a great view of the park.

The master bedroom has an en suite bathroom and plenty of wardrobe space. The twin bedroom is just across from the family shower room so guests and family are easily accommodated.

Decking not included
