£84,995

ABI Westwood Lodge

A holiday home that leaves you speechless!

The entrance hallway gives no idea to just how fabulous the interior of this lodge is. As you move into the open plan living area the space, light and layout are a real WOW factor. Huge patio doors let light flood through the lounge to the kitchen / dining area. The lounge is luxurious with armchairs, sofa and footstool and a focal fireplace. Somehow traditional design notes have found a contemporary tune.

A dining area for 4 people makes a centre piece to the superb kitchen.

A beautiful master bedroom with king size bed, fantastic wardrobe space with dressing table and a sumptuous en-suite shower room.

The interior is complete with a large family shower room and a guest / twin bedroom - probably the best we have seen.
