£76,995

### Atlas Sherwood Lodge

At Pearl Lake Country Holiday Park

It is always an absolute joy to spend some time in a Sherwood Lodge. The experience is always impressive, never disappointing, and you always feel better after seeing one.

The new Sherwood Lodge lives up to high expectations and, arguably, even exceeds them. This model comes equipped with a dishwasher in the kitchen and a washing machine in the utility room!

The open plan living area is stylish and light, the large glazed patio doors inviting the outside in. A 3-seater and 2-seater sofa, a dining area for 4 people and a fully fitted kitchen is an impressive ensemble.

The twin bedroom has direct access to the family bathroom (there is also corridor access to the bathroom), the master bedroom has a private shower room that is priceless for privacy and allowing the whole interior to breathe when you have family or guests staying with you.

A must-see holiday home. For your VIP appointment (and, more importantly, a park tour) contact Ben or Janice on 01568 708326 or email us

We'd love to see you soon.
