£84,995

ABI Ingleton

Boasting exceptional space, light-filled interiors, and stylish design throughout, this holiday home offers a fresh take on comfort and relaxation – so much so, you might forget you're not at home!

From the moment you enter through the side door, the contemporary kitchen makes a lasting impression. Dark olive green cupboards with matt black handles are beautifully contrasted by light oak worktops, creating a chic, modern feel. High-spec integrated appliances include a washing machine, dishwasher, microwave, fridge/freezer, and a gas oven with 4-ring hob and glass splashback. A full-length window floods the space with natural light, while a breakfast bar with hidden stools, built-in wine rack, and full-height storage cupboard add both flair and function.

The open-plan lounge is an inviting retreat with sliding patio doors that let the outdoors in. A soft palette of muted greys and olive greens gives the space a relaxed elegance. The corner sofa (with pull-out bed) and separate armchair offer ample seating for guests. Clever design touches like a coffee table with concealed footstools ensure every detail is tailored for comfort.

A door leads to the private bedroom and bathroom area, where you'll find a charming twin bedroom complete with wardrobe and built-in drawers, and convenient USB charging points. Directly opposite, the family shower room features an obscured window, towel rail, and generous storage.

The master bedroom is a real highlight. Exceptionally spacious, it includes full and half-length wardrobes, a dressing

table with mirror, window seat with extra storage, and additional USB points. An en-suite shower room completes the space, offering privacy and luxury in equal measure.

With its generous layout, sophisticated styling, and all the practical features you could want, the ABI Ingleton is the ideal choice for creating unforgettable holiday memories.
